

BOSCH

Invented for life

Bosch Panel Radiators

Model 21 | Model 22

Unlike conventional baseboard heat that provides only convection heat, our hydronic steel panel radiators provide the perfect combination of both radiant and convective heat to create one of the most advanced and energy efficient heating systems available today.

Exceptional Heating for Personal Comfort

Meet the Buderus Panel Radiators

The contemporary European design and flexibility of Buderus panel radiators offers builders, designers, and homeowners a variety of sizes for any heating and design requirement. These spacesaving panel radiators require between a third to a quarter of the space of baseboard heating and are a perfect solution where design flexibility is important. And because Buderus panel radiators are not typically designed to be on and off in the way traditional baseboards are, they are virtually silent—eliminating the noise associated with other heating systems. They're available in a multilayered, powder coat enameled white finish that is durable, easy to clean and ideal for most existing color schemes. They can also easily be custom painted to any desired color. Each panel radiator includes side panels, front and back grill covers, wall brackets and a flowsetter valve.

Features

- ▶ Hydronic steel panel radiators provide the perfect combination of both radiant and convective heat
- ▶ A higher level of comfort, at a lower operating cost
- ▶ Designed to match and add character to any room décor
- ▶ A more flexible, efficient, and cleaner alternative to baseboard heating
- ▶ Panel radiators are clean, do not blow air or stir up dust, and their operation is virtually silent.
- ▶ Panel radiators are ideal in new construction, as well as suitable for retro-fit applications

Revolutionary Flowsetter Valve

A unique design feature on all Buderus panel radiators is the FlowSetter Valve, which enables the installer to quickly and easily regulate water flow through the radiator room by room. The result is a consistent, even heat throughout all panel units in the house. Lowcost panel radiators from Bosch are available in a variety of lengths and heights offering many design and heating options. They are stocked in four heights, 12", 20", 24" and 36" and in two depths, Model 21 (2½") and Model 22 (4").

Model 21 2.5" Deep		
Dimensions (H X W)	Part Number	BTU at 180° F*
12" x 24"	7750100306	1838
12" x 36"	7750100309	2756
12" x 48"	7750100312	3675
12" x 59"	7750100315	4594
12" x 71"	7750100318	5513
20" x 24"	7750102306	2713
20" x 36"	7750102309	4070
20" x 48"	7750102312	5427
20" x 59"	7750102315	6784
20" x 71"	7750102318	8140
24" x 24"	7750103306	3138
24" x 36"	7750103309	4706
24" x 48"	7750103312	6275
24" x 59"	7750103315	7844
24" x 71"	7750103318	9413

Model 22 4" Deep		
Dimensions (H X W)	Part Number	BTU at 180° F*
12" x 16"	7750100604	1573
12" x 24"	7750100606	2359
12" x 36"	7750100609	2539
12" x 48"	7750100612	4719
12" x 59"	7750100615	6291
12" x 71"	7750100618	7078
20" x 16"	7750102604	2341
20" x 24"	7750102606	3511
20" x 36"	7750102609	5266
20" x 48"	7750102612	7022
20" x 59"	7750102615	8777
20" x 71"	7750102618	10,533
24" x 16"	7750103604	2713
24" x 24"	7750103606	4069
24" x 36"	7750103609	6104
24" x 48"	7750103612	8139
24" x 59"	7750103615	10,173
24" x 71"	7750103618	12,208
36" x 16"	7750105604	3833

About **Bosch**

Bosch Group

The Bosch Group is a leading global supplier of technology and services in the areas of Automotive, Industrial Technology, Consumer Goods and Building Technology. The company was founded in Stuttgart, Germany, in 1886 and presently has more than 440 subsidiaries and is represented in over 150 countries.

In the U.S., Canada and Mexico, the Bosch Group manufactures and markets automotive original equipment and aftermarket solutions, industrial drives and control technology, power tools, security and communication systems, packaging technology, thermotechnology, household appliances and software solutions. The Bosch Group's products and services are designed to improving quality of life by providing innovative and beneficial solutions. In this way, the company offers technology worldwide that is "Invented for life." Additional information is available online at boschheatingandcooling.com and bosch.ca.

Bosch Thermotechnology in North America

Bosch Thermotechnology is a leading source of high quality water heating and comfort systems. The company offers gas tankless, electric whole house and point-of-use water heaters, Bosch and Buderus floor-standing and wall mounted boilers, Bosch and FHP geothermal, water-source and air-source systems as well as controls and accessories for all product lines. Bosch Thermotechnology is committed to being Simply Smart by offering products that work together as integrated systems that enhance quality of life in an ultra-efficient and environmentally friendly manner. For more information, visit boschheatingandcooling.com.

Bosch Water-Source Heat Pumps: Made in the U.S.A.

Bosch and FHP water-source and geothermal heat pumps are made by highly trained and skilled workers in our factory based in Fort Lauderdale, Florida. They are manufactured with rigorous standards and factory testing ensuring high efficient operation over the life of the unit. Bosch's ISO 9001 and ISO 14001 certified facilities provide consistent quality in every unit built.
