## 1 Introduction

This reference guide identifies the various locations of product serial numbers. Most serial numbers can be found on the rating plate stickers located on the outside casing of the appliance. Other possible locations are identified in this guide as well.

Identifying your product's serial number is essential for warranty registration and warranty claims.

When contacting Bosch Customer Service and Technical Support, you should always have your model and serial number available.

The product image shown may vary slightly from your specific model.

---

## 2 Date Codes

### 2.1 Date Code Identification

The date code identifies when the product was manufactured and is typically represented by the three digits in the serial number that immediately follow the first four characters.

Understanding the date code can be important in the event that we need to inform customers of product updates or issues that fall within specific production date ranges.

Here are some examples, with the three-digit date code shown underlined:

- ▶ 399A-720-000031-8733942691
- ▶ 35201730001497738007220
- ▶ 352018000000027738007319
- ▶ 3520-278-0000289-7738007421

### 2.2 Date Code Table

To find the month and year that the product was manufactured, match your three-digit date code with the table below:

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
<b>2010</b>	001	002	003	004	005	006	007	008	009	010	011	012
<b>2011</b>	101	102	103	104	105	106	107	108	109	110	111	112
<b>2012</b>	201	202	203	204	205	206	207	208	209	210	211	212
<b>2013</b>	301	302	303	304	305	306	307	308	309	310	311	312
<b>2014</b>	417	418	419	420	453	454	455	456	457	458	459	460
<b>2015</b>	517	518	519	520	553	554	555	556	557	558	559	560
<b>2016</b>	617	618	619	620	653	654	655	656	657	658	659	660
<b>2017</b>	717	718	719	720	753	754	755	756	757	758	759	760

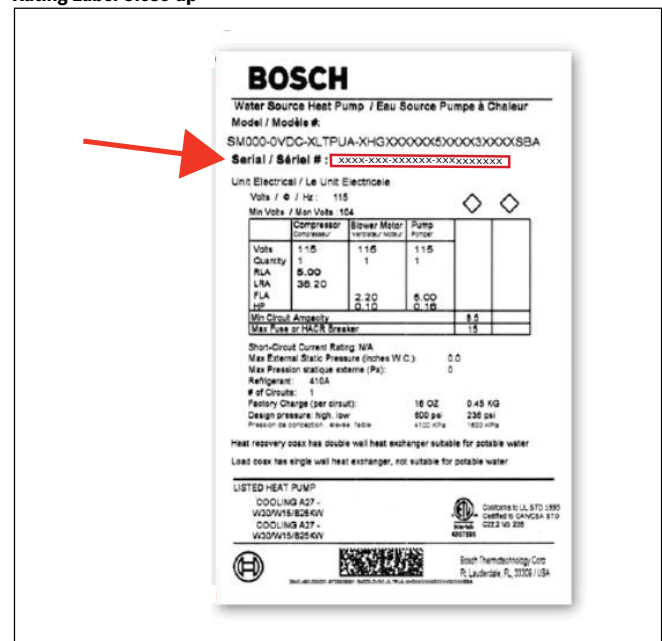

Figure 10

## 6 Minisplit Heat Pump / Air Conditioning Systems

### 6.1 Bosch Climate 5000AA Series

#### ► Location:

The serial number can be found on the rating label sticker in the following locations;

#### Indoor Unit – Wall Mounted

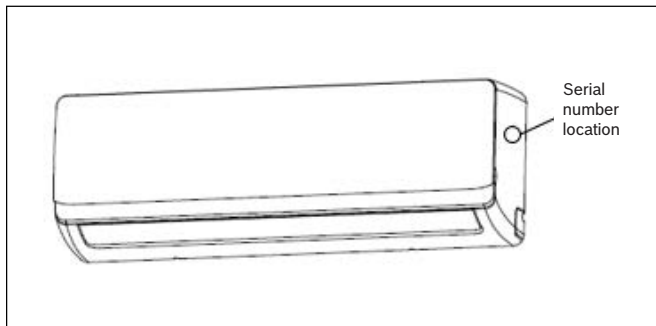

Figure 11

#### Indoor Unit – Ducted

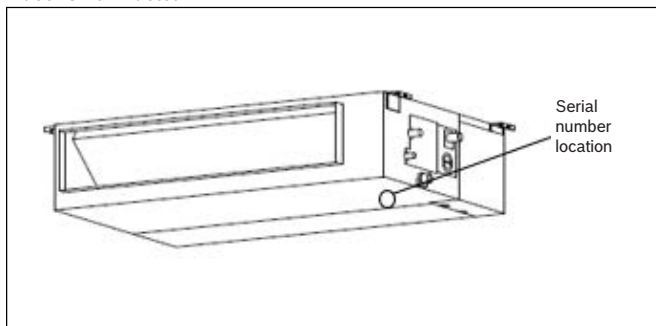

Figure 12

#### Indoor Unit – Cassette

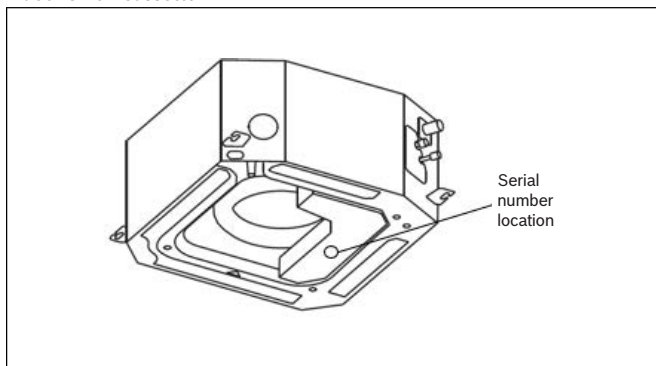

Figure 13

#### Outdoor Unit

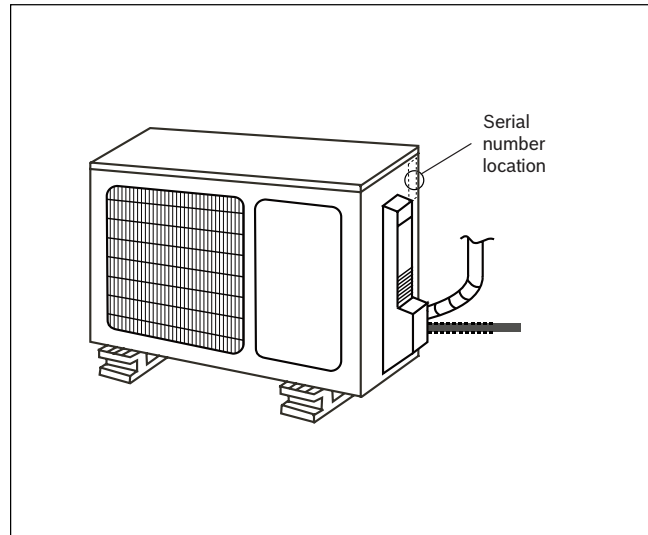

Figure 14

#### Rating Label Sticker Close-up

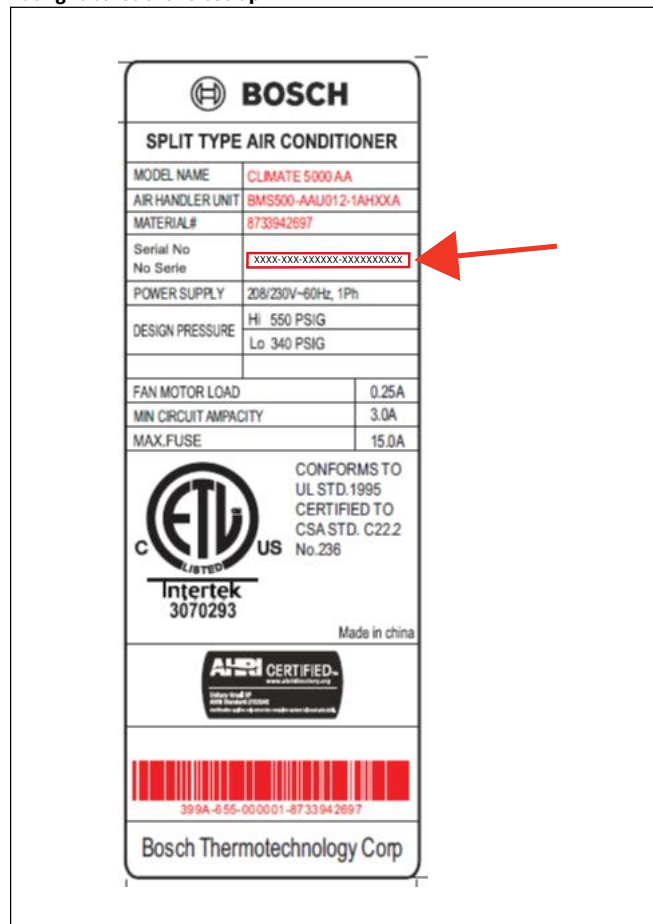

Figure 15

## 7 Inverter Ducted Split Systems

### 7.1 Bosch BVA - BOVA /BOVB Series

#### ► Location:

The serial number can be found on a the rating plate located on exterior front of both indoor and outdoor units:

#### Indoor Unit (BVA 1.0, BVA 2.0, BVA 15)

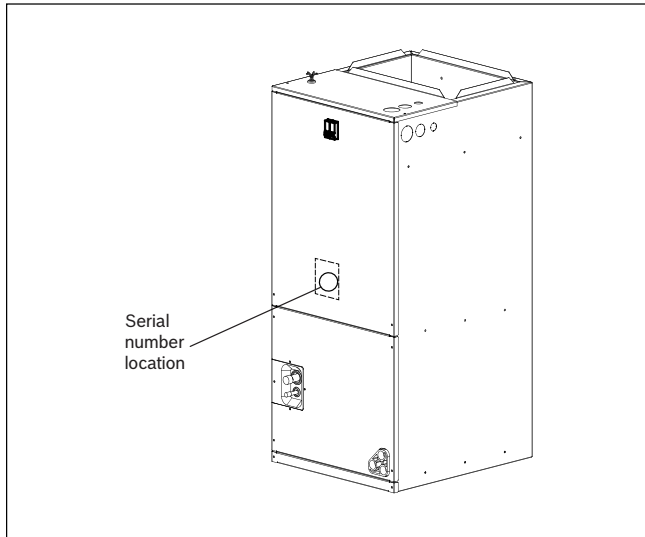

Figure 16

#### Outdoor Unit (BOVA15, BOVB18, BOVA20)

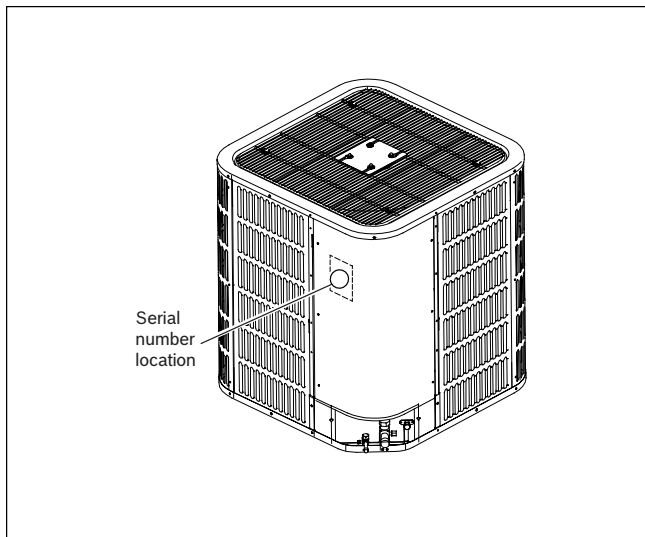

Figure 17

### 7.2 Inverter Ducted Packaged Heat Pump

#### ► Location:

The serial number can be found on the rating sticker that is above the control board access panel.

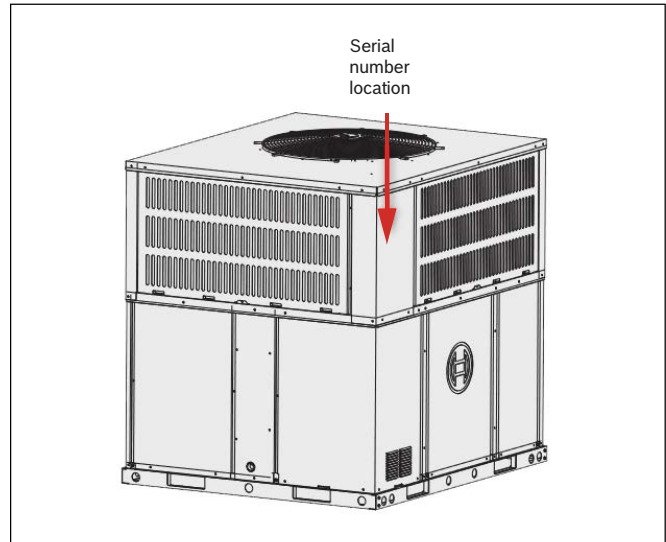

Figure 18

### 7.3 Cased Coils

#### ► Location:

The serial number can be found on a the rating plate located on exterior front of the unit.

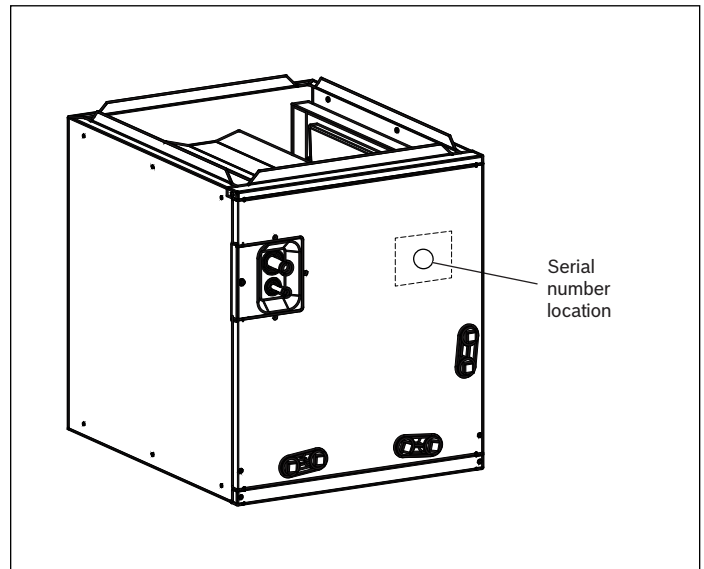

Figure 19

## 7.4 BCA Air Handler

### ► Location:

The serial number can be found on the rating plate located on top of the blower motor housing.

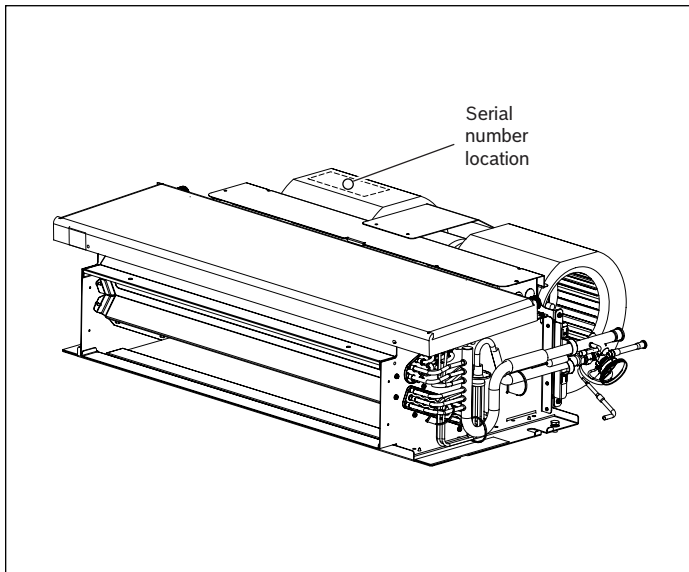

Figure 20

## 7.5 BWA Air Handler

### ► Location:

The serial number can be found on the rating plate located on the front of the chassis.

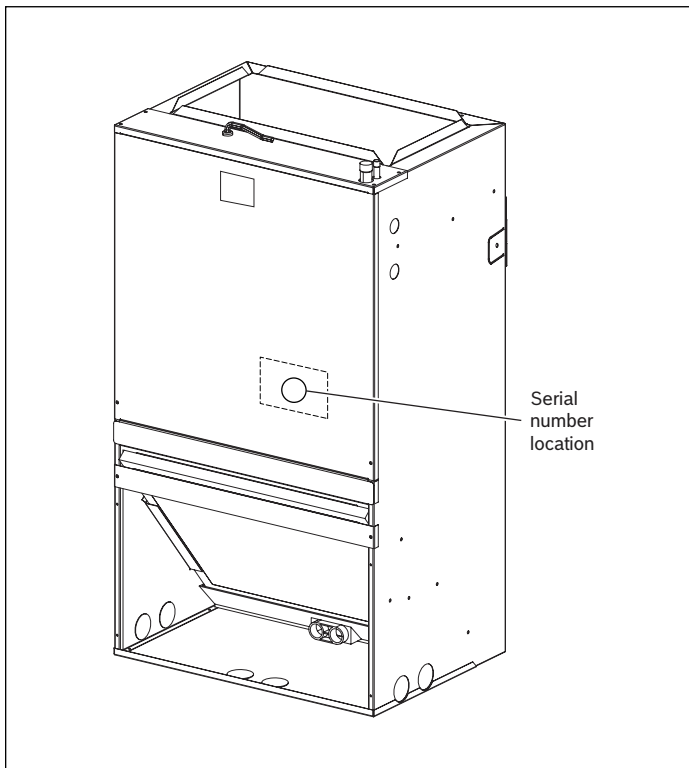

Figure 21

## 8 Gas Condensing Boilers

### 8.1 Greenstar 57/79/100/131/151 & Greenstar Combi 100/131/151 Wall Mounted & Floor Standing Boilers

► **Location:**

The serial number can be found on the interior of unit in the locations indicated in the figures provided.

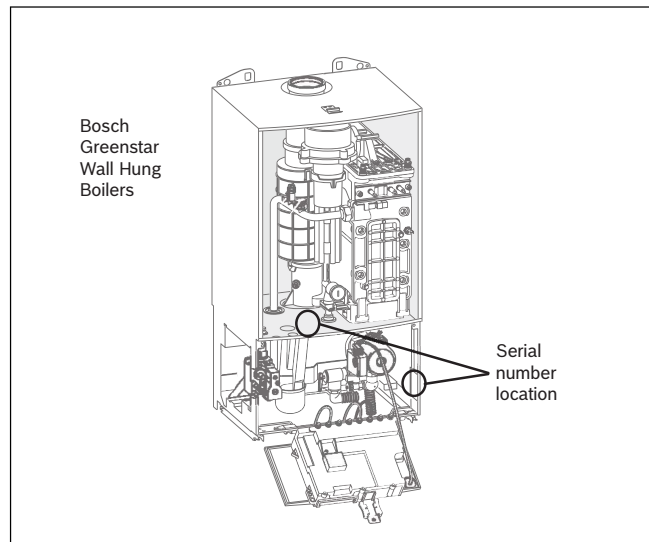

Figure 22

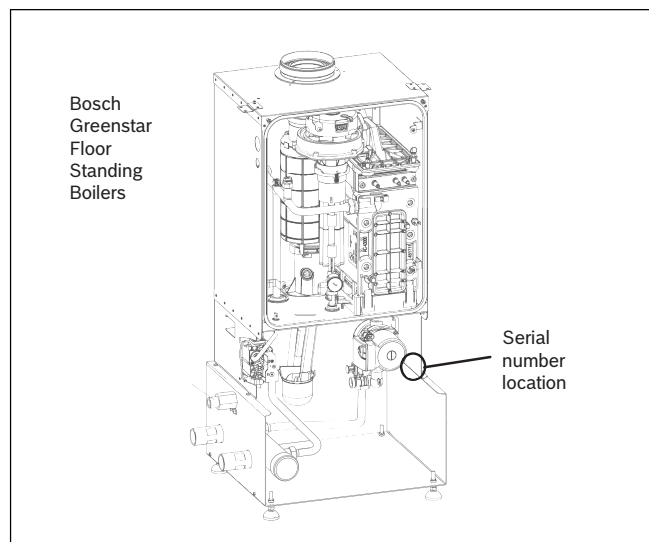

Figure 23

## 8.2 Buderus GB142 Series Boilers

► **Location:**

The serial number can be found on a the rating label sticker located on exterior of unit- upper left side:

Figure 24

### GB142 Rating Label Sticker Close-up

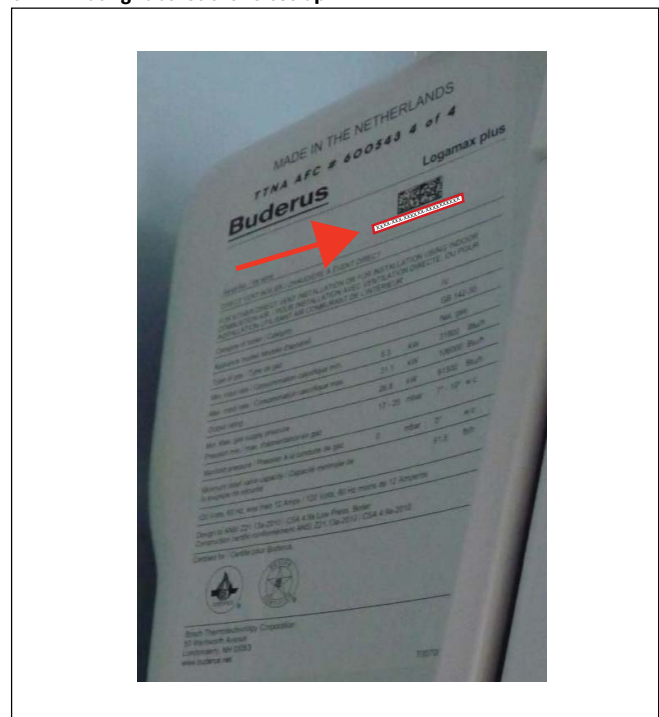

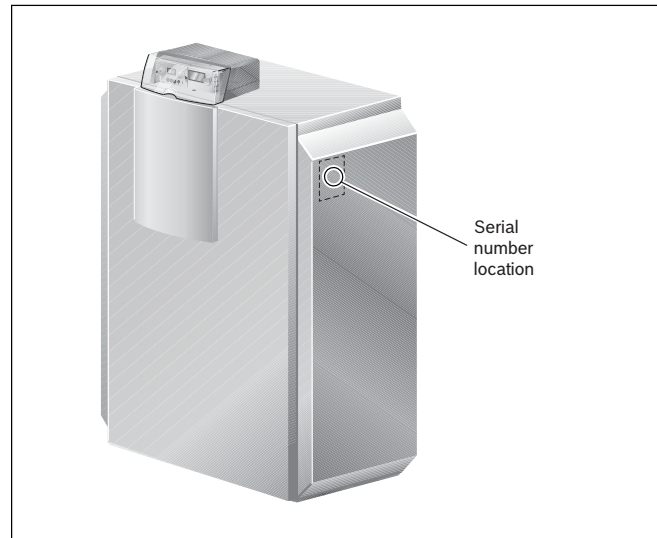

Figure 25

## 8.4 Buderus GB312 Series Boilers

► **Location:**

The serial number can be found on a the rating label sticker located on exterior of unit- right side:

### GB312 Rating Label Sticker Close-up

# Made in the Netherlands

**Buderus**

This boiler must be installed in accordance with local codes, ANSI Z223.1/NFPA 54, and Natural Gas and LP Gas codes as applicable.

**FOR YOUR SAFE**  
Do not store or use other flammable or combustible materials in the vicinity of this or any other gas burning appliance.

Approved for indoor use in minimum clearances as shown in construction combustion gas venting instructions.

**Direct Vent Boilers**

**Direct Vent Boilers / Chaudières à Vent Direct**

FOR EITHER DIRECT VENT INSTALLATION OR FOR INSTALLATION USING INDOOR COMBUSTION AIR, POUR INSTALLATION AVEC VENTILATION DIRECTE, OU POUR INSTALLATION UTILISANT L'AIR COMBUSTIBLE DE L'INTÉRIEUR

Category of boiler / Catégorie

Appliance model / Modèle d'appareil	IV
Altitude / Altitude	
Type of gas / Type de gaz	GB 162-100
Min. Total rise / Concomitance statohydraulique min.	0 - 1219 m
Max. Total rise / Concomitance statohydraulique max.	0 - 4026 ft
Min. Output rating / Puissance de sortie minimum	21.1 kW
Max. / Puissance de sortie maximum	97.6 kW
Pressure and / Pression et	85.9 kW
Max. / Pression et	293.000 Btu/h
Max. / Pression et	17 - 25 mbar
Max. / Pression et	-5 Pa
Max. / Pression et	8.40 mm
Max. / Pression et	0.331"

**Left-side, Right-side Top/ (FR)**

**Front/ (FR)**

**Bottom/ (FR)**

For details refer to installation instructions.

This boiler must be installed in accordance with installation instructions.

This boiler requires a gas venting system. Refer to installation instructions for parts list and methods.
