1 Introduction

This reference guide identifies the various locations of product serial numbers. Most serial numbers can be found on the rating plate stickers located on the outside casing of the appliance. Other possible locations are identified in this guide as well. Identifying your product's serial number is essential for warranty registration and warranty claims.

When contacting Bosch Customer Service and Technical Support, you should always have your model and serial number available.

The product image shown may vary slightly from your specific model.

2 Date Codes

2.1 Date Code Identification

The date code identifies when the product was manufactured and is typically represented by the three digits in the serial number that immediately follow the first four characters.

Understanding the date code can be important in the event that we need to inform customers of product updates or issues that fall within specific production date ranges.

Here are some examples, with the three-digit date code shown underlined:

- 399A-720-000031-8733942691
- 35201730001497738007220
- 35201800000027738007319
- 3520-278-0000289-7738007421

2.2 Date Code Table

To find the month and year that the product was manufactured, match your three-digit date code with the table below:

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
2010	001	002	003	004	005	006	007	008	009	010	011	012
2011	101	102	103	104	105	106	107	108	109	110	111	112
2012	201	202	203	204	205	206	207	208	209	210	211	212
2013	301	302	303	304	305	306	307	308	309	310	311	312
2014	417	418	419	420	453	454	455	456	457	458	459	460
2015	517	518	519	520	553	554	555	556	557	558	559	560
2016	617	618	619	620	653	654	655	656	657	658	659	660
2017	717	718	719	720	753	754	755	756	757	758	759	760

Table 1

3 Water Source Heat Pump Packaged Systems

3.1 QV, WQ, LV, SV, SM, LM, ES, CE, EP, BP, EC, MC models

Only for models using R-410A refrigerant.

Location:

The serial number can be found on a the rating label sticker located on exterior front of the unit:

Vertical and Counterflow Units

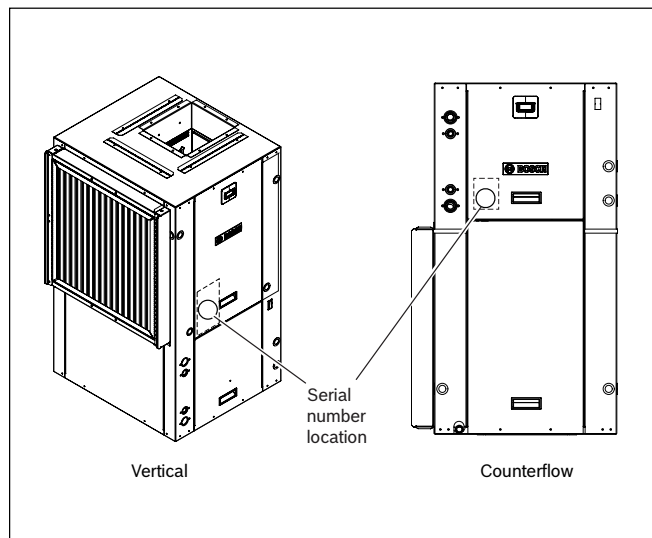

Figure 1

Horizontal Units

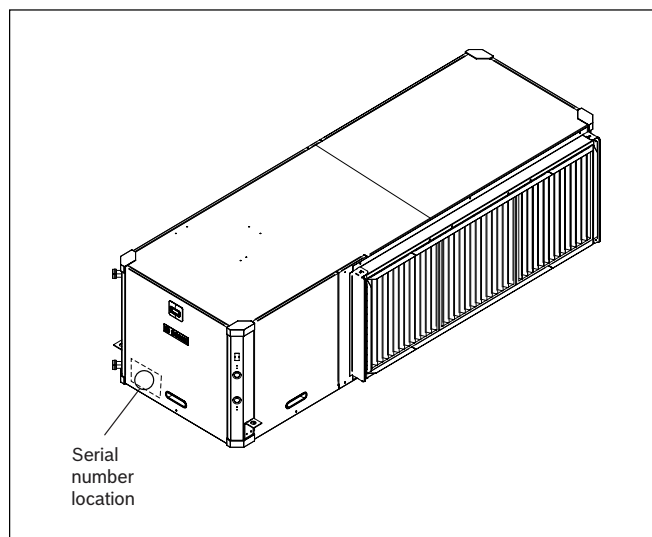

Figure 2

Rating Label Sticker Close-up

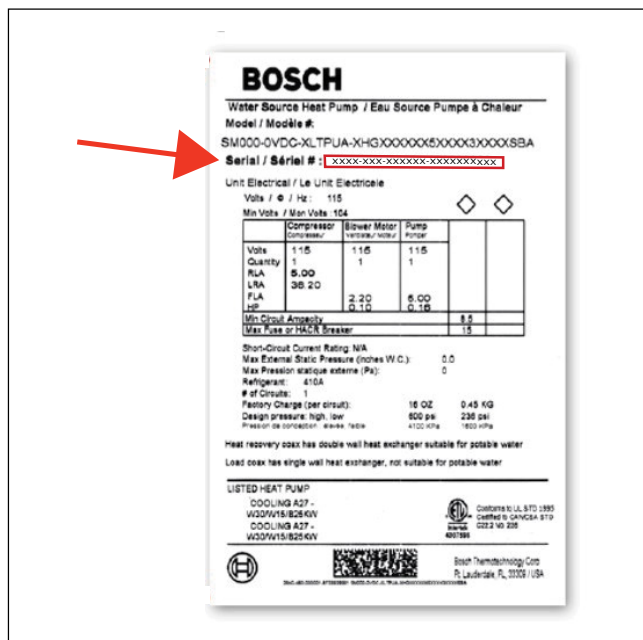

Figure 3

3.2 CL & RL, CF & RF, CP& RP, MC*, EC* Models

*RevC Version

Only for models using R-454B refrigerant.

Location:

The serial number can be found on a the rating label sticker located on exterior front of the unit:

Vertical and Counterflow Units

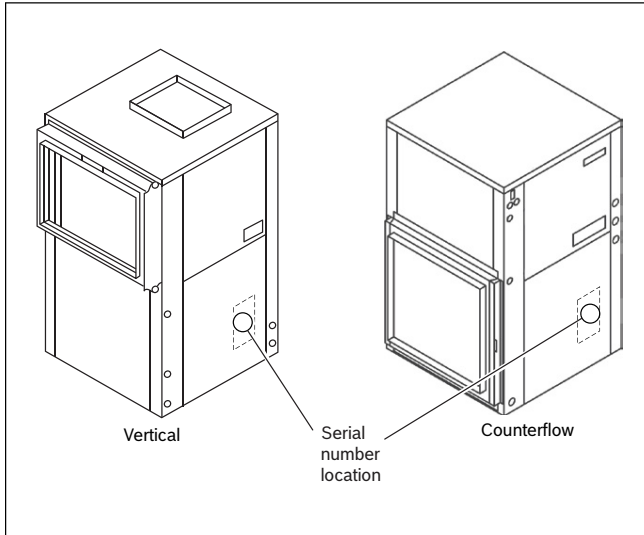

Figure 4

Horizontal Units

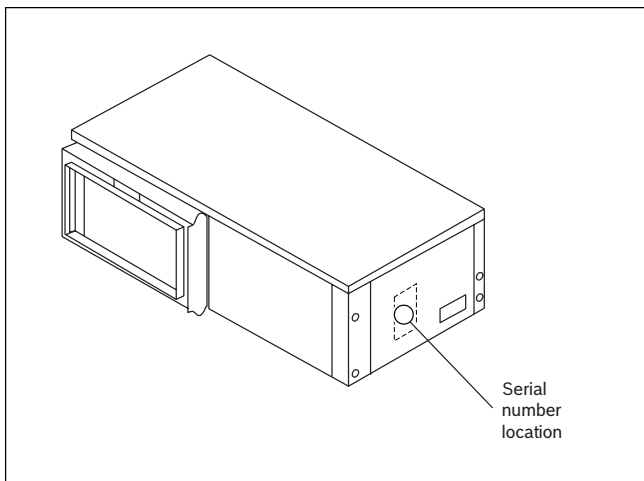

Figure 5

Rating Label Sticker Close-up

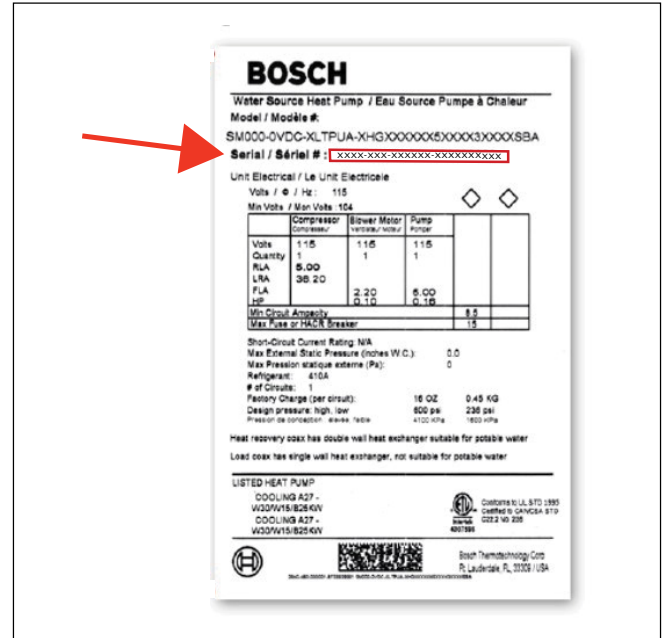

Figure 6

4 Water Source Heat Pump Split Systems

4.1 LV splits, SV splits, SM splits, CE splits, CP splits, RP splits models

Location:
The serial number can be found on a the rating label sticker located on exterior front of the air handler and condenser sections:

Air Handler

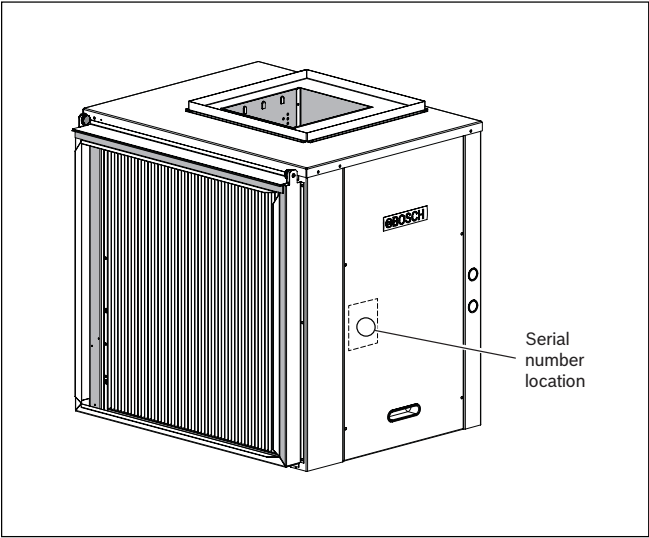

Figure 7

Condenser

Rating Label Sticker Close-up

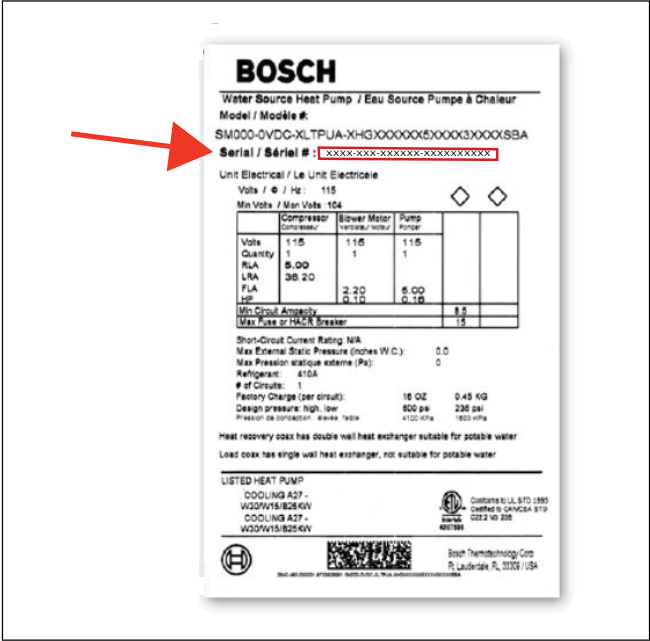

Figure 9

5 Water to Water & Console Heat Pump Systems

5.1 WW, WT, TW models

Location:

The serial number can be found on a the rating plate located on exterior front of the unit:

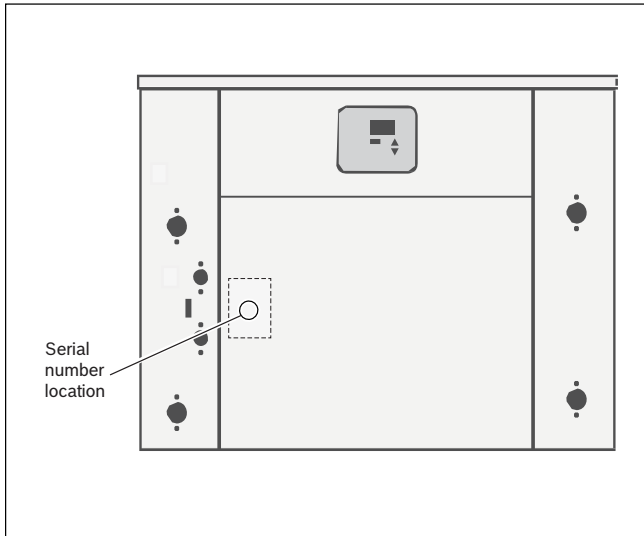

Figure 10

Rating Label Close-up

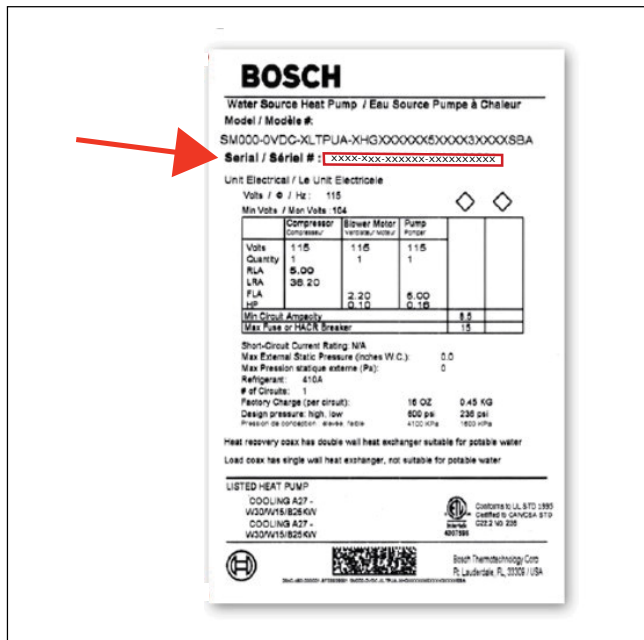

Figure 11

5.2 BC, CA models

Location:

The serial number can be found on the rating label located on the interior front of the unit. The outer casing must be removed to access serial number:

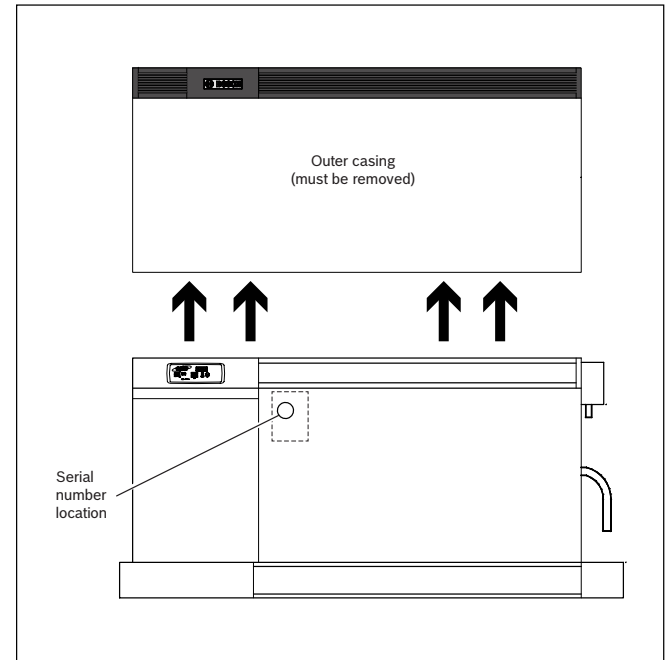

Figure 12

Rating Label Close-up

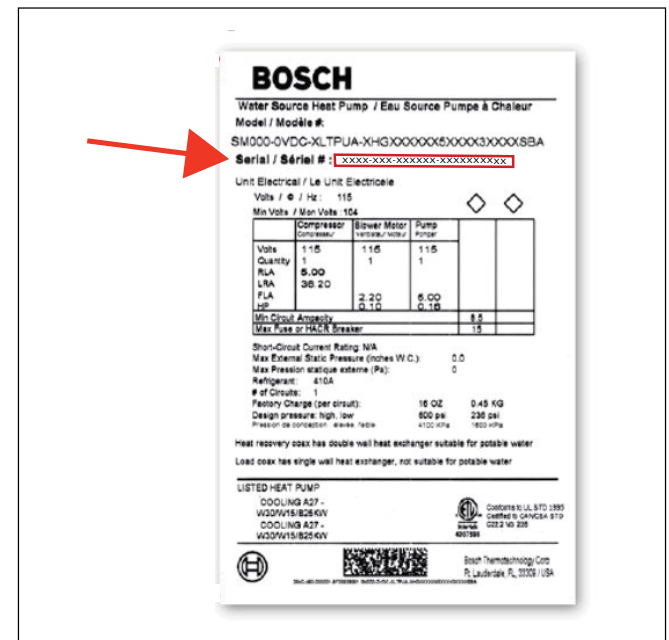

Figure 13

6 Minisplit Heat Pump / Air Conditioning Systems

6.1 Bosch Climate 5000 Series - Gen1, Gen2, Gen3 & Gen4

Location:

The serial number can be found on the rating label sticker in the following locations;

Indoor Unit - Wall Mounted

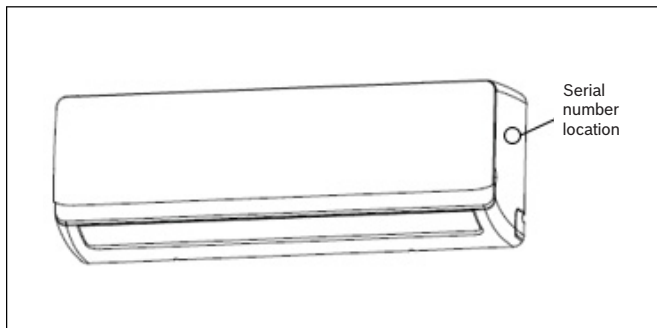

Figure 14

Indoor Unit - Ducted

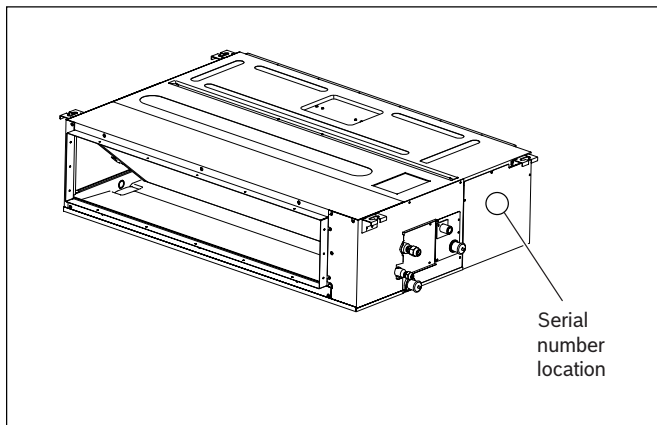

Figure 15

Indoor Unit - Four Way Cassette

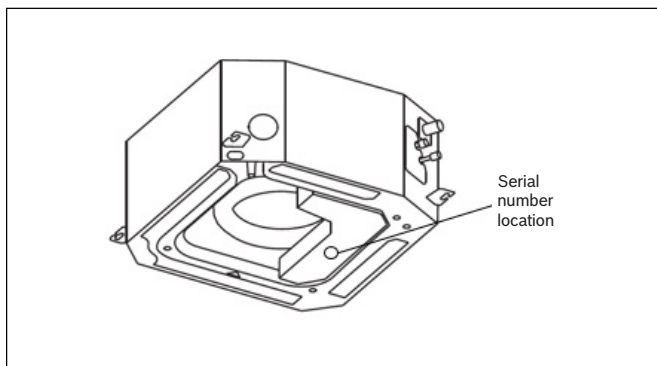

Figure 16

Indoor Unit - One Way Cassette

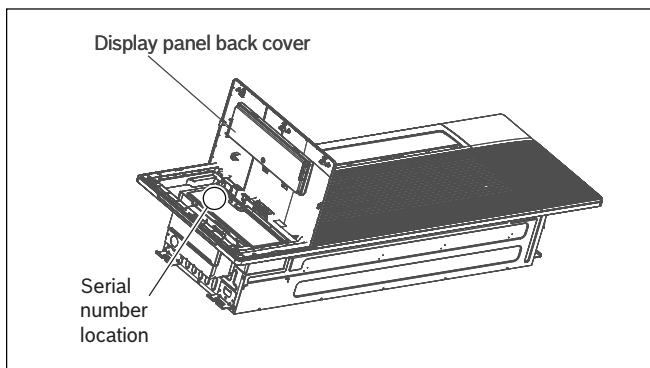

Figure 17

Outdoor Unit Rating Label Stickers Close-up

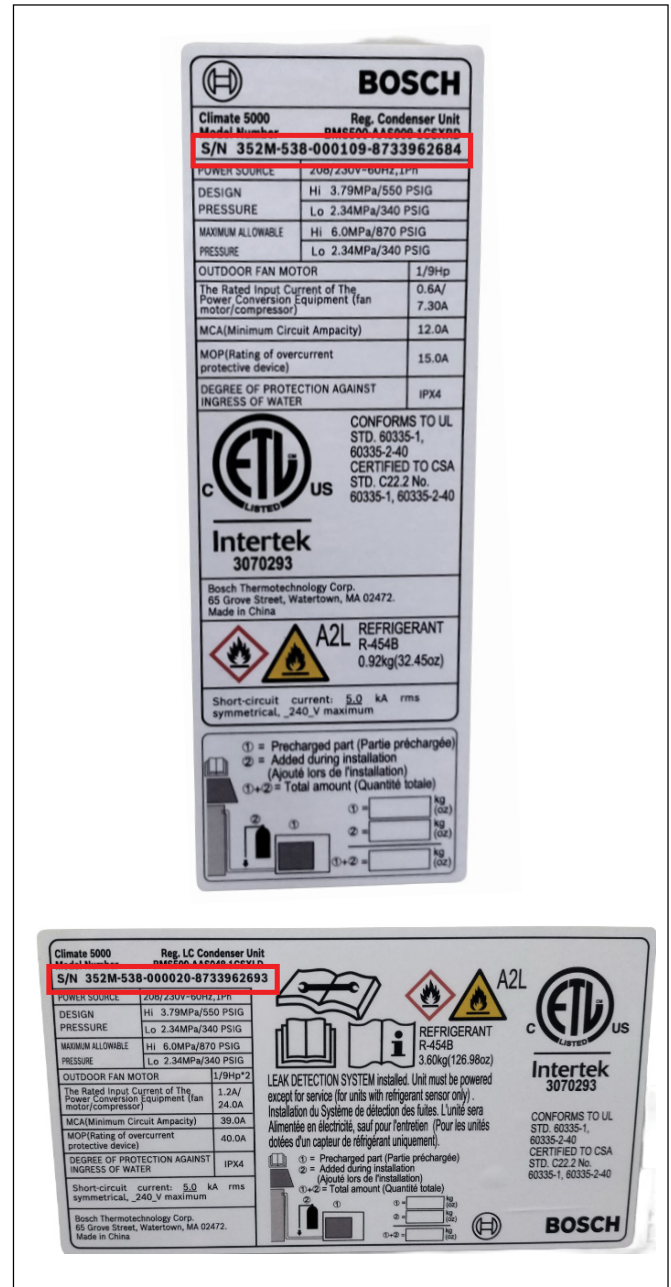

Figure 20

7 Inverter Ducted Split Systems

7.1 Bosch BVA/BVB - BOVA/BOVB Series

Location:

The serial number can be found on a the rating plate located on exterior front of both indoor and outdoor units:

Indoor Unit (BVA 1.0, BVA/BVB 2.0, BVA/BVB 15, BIVA18)

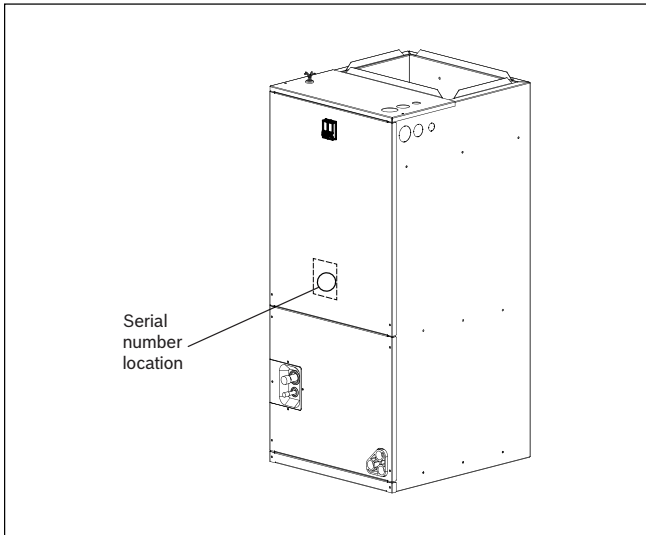

Figure 21

Outdoor Unit (BOVA15/BOVB15, BOVB18, BOVA20/BOVB20)

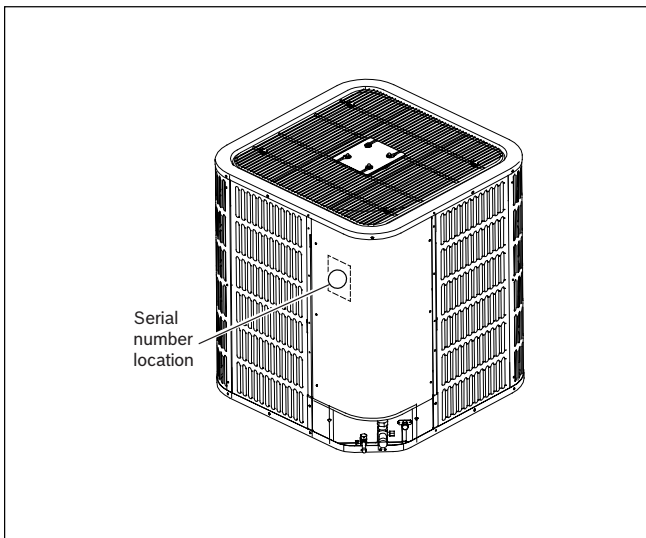

Figure 22

7.2 Bosch IDS Edge Series

Outdoor Unit (BOHA18)

Location:

The serial number can be found on a rating plate located on the exterior front of both Regular and Max Performance.

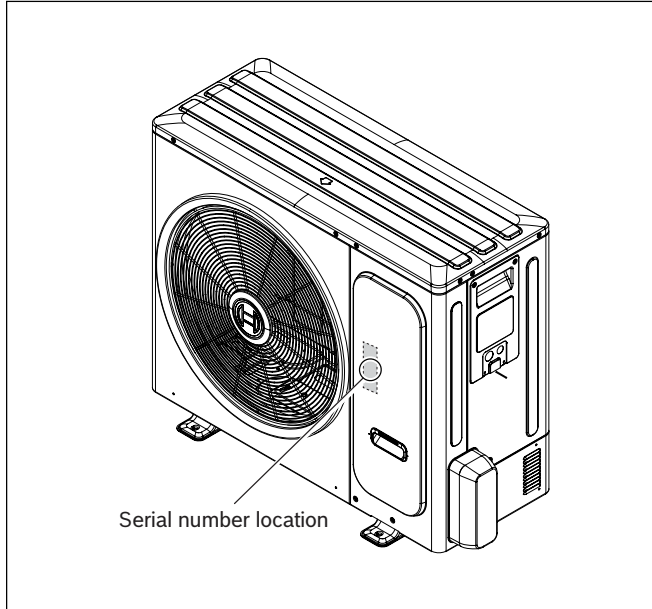

Figure 23 3-ton model

Rating Plate Close up

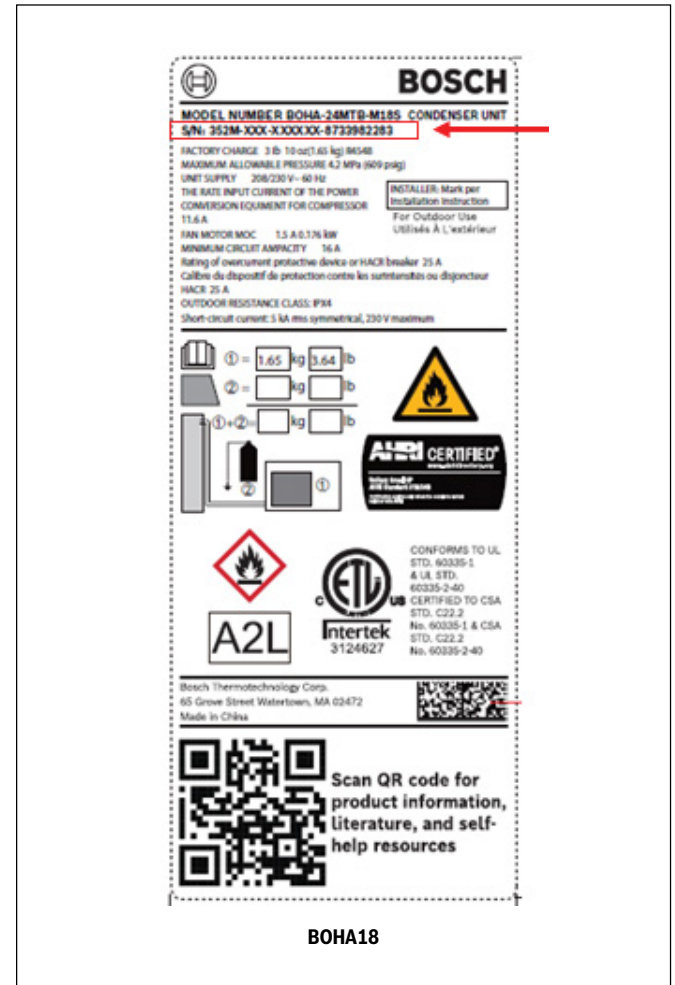

Figure 25

Indoor Units (BIWA, BISA, BIKA, BIDA)

Location:

The serial number can be found on a rating plate located on different locations as stated below:

- **BIWA:** The rating plate is located on the right side of the product.
- **BISA/BIKA:** The rating plate is located in the backside of the product.
- **BIDA:** The rating plate is located in the left side of the product.

7.3 Inverter Ducted Packaged Heat Pump

Location:

The serial number can be found on the rating sticker that is above the control board access panel.

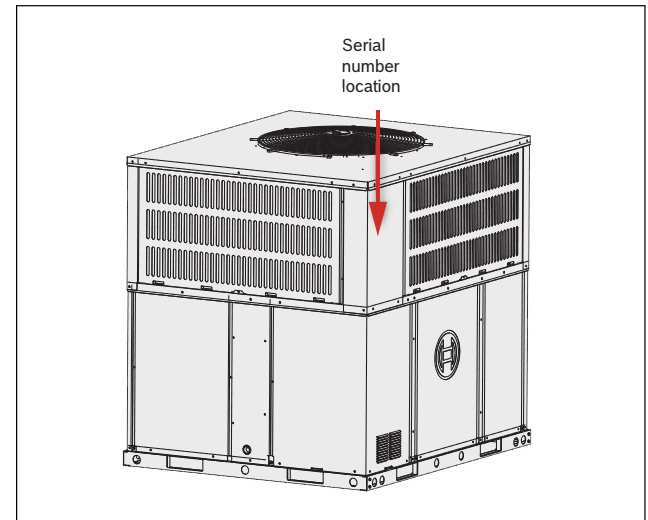

Figure 33

7.4 Cased Coils

Location:

The serial number can be found on a the rating plate located on exterior front of the unit.

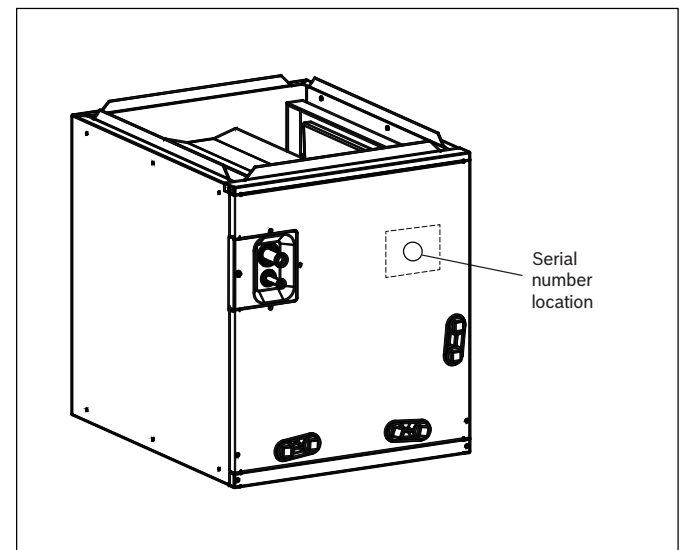

Figure 34

7.5 BICA Air Handler

Location:

The serial number can be found on the rating plate located on top of the blower motor housing.

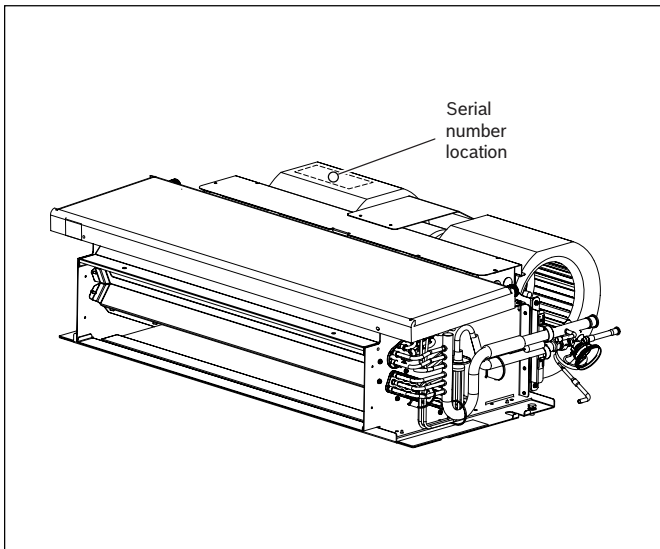

Figure 35

7.6 BIWA Air Handler

Location:

The serial number can be found on the rating plate located on the front of the chassis.

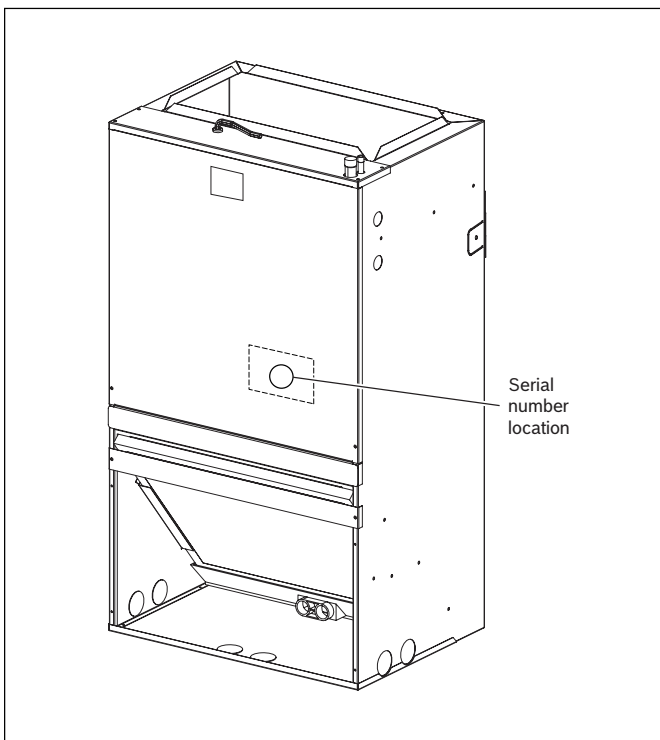

Figure 36

7.7 Bosch 115V Modular Blower

Location:

The Serial Number can be found on the rating plate on the front of the unit.

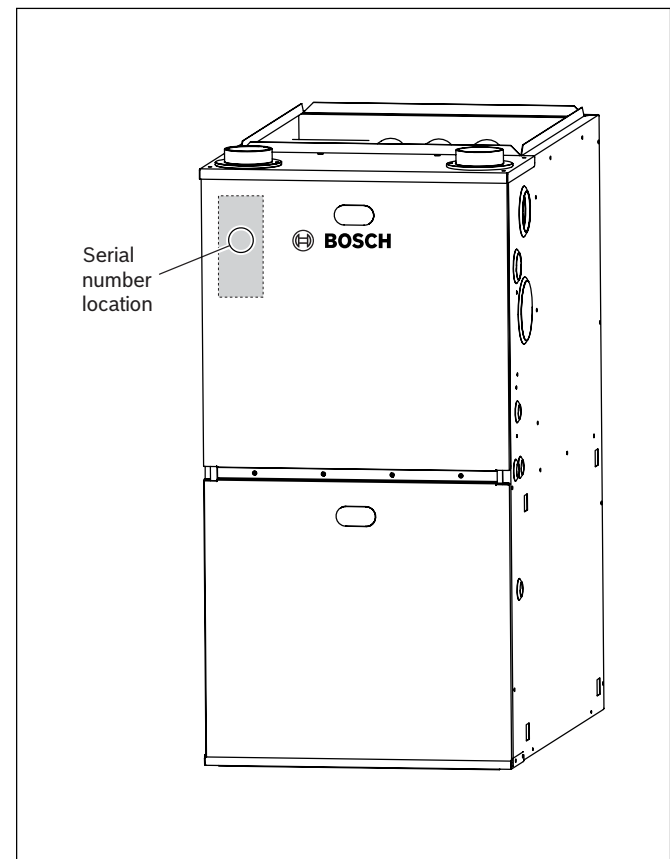

Figure 37

8 Gas Condensing Boilers

8.1 Greenstar 57/79/100/131/151 & Greenstar Combi 100/131/151 Wall Mounted & Floor Standing Boilers

Location:

The serial number can be found on the interior of unit in the locations indicated in the figures provided.

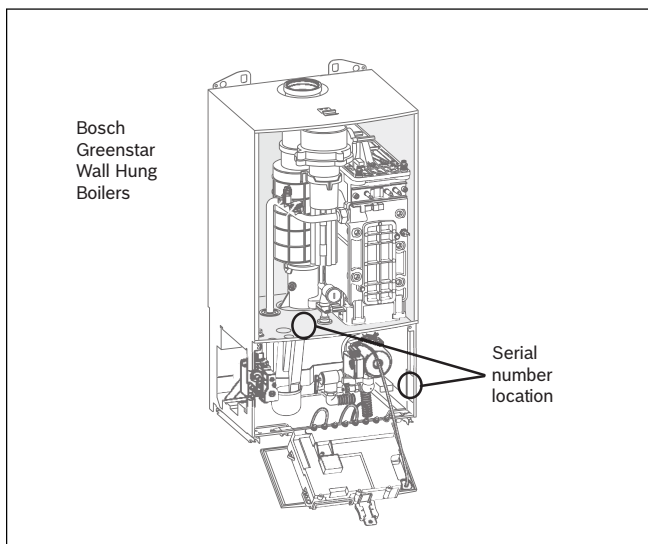

Figure 38

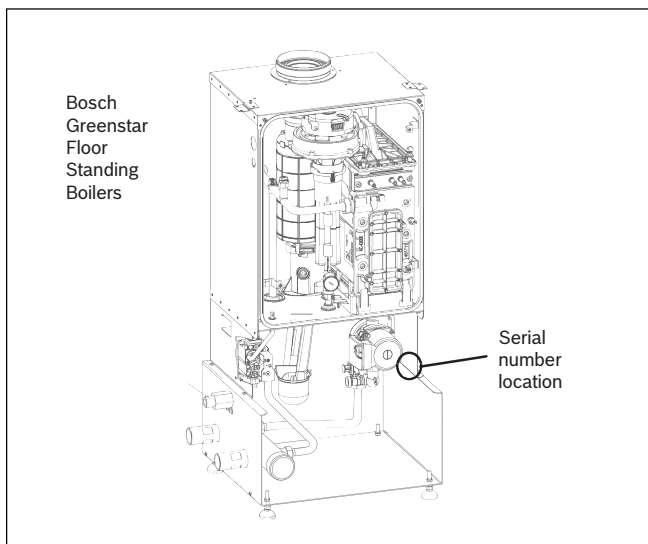

Figure 39

8.2 Buderus GB142 Series Boilers

Location:

The serial number can be found on a the rating label sticker located on exterior of unit- upper left side:
